Mariemont City Schools

Mariemont Lady Warriors Serve Up Volley for the Cure Event

On October 13, the Mariemont High School spectators were “in the pink” to cheer on the Lady Warriors Volleyball team and to raise money for the Susan G. Komen Breast Cancer Foundation. Volley for the Cure volleyball matches are being held in schools across the state in support of this foundation.

The Mariemont players along with their Deer Park opponents, all wore Volley for the Cure tee shirts in place of their regular uniforms. Event shirts were sold throughout the week at Mariemont High School. The Warriors also held raffles, sold refreshments and accepted donations with all proceeds benefiting the Komen foundation.

The pep band, cheerleaders and volleyball serving contests (complete with prizes) added to the spirit of the evening. In all, the event’s proceeds totaled roughly \$400.
