

FACILITIES UPDATE WEEKLY

December 2, 2011

Mariemont High School:

- The district maintenance crew is starting work on the Board of Education Offices. The Board of Education will be moving from the Junior High to the High School in late April.

-

Mariemont Junior High in Fairfax: (see new aerial pic)

- The exterior walls are being constructed with concrete block.
- Electric, plumbing, and masonry work is being done on the interior.
- Precast planking will be installed this week and next week. You can now see the floor/ceilings between the first and second floor.

Mariemont Elementary: (see new aerial pic)

- Masonry work is being done on the original building and in the new sections.
- HVAC work has started in the original building.
- The exterior walls are being constructed with concrete block.
- Electrical rough in has started.
- Precast planking is currently being installed. It will create the ceiling/floor to the second floor.

Terrace Park Elementary: (see new aerial pic)

- Foundations have been poured and concrete block is being set.
- Insulation is being installed in preparation for the brick work.
- Masonry (brick cleaning and grouting) work is being done on the original building.
- Work on the gym for the heating and air conditioning will be starting on the stage area. The gym will be closed during the weeknight evenings so that a second shift crew can work.

FYI

- **If you see lights on at night in the buildings, it is for security and safety purposes.**
- Please take the time to drive by the buildings to see the progress. It changes daily!
- Please view the updated design plans now online at the www.mariemontschools.org website.
- If you have any questions, please feel free to call (309-8743) or email me (kryan@mariemontschools.org).

Have a great week!

Kathy Ryan, Program Manager for Mariemont School
