

MHS Community Service Details

Mariemont High School offers the opportunity for our students to be recognized for completing the Community Service program. Students may begin logging community service hours upon completion of their Sophomore year and before the first Monday in May of their Senior year.

Community Service is defined as volunteer effort that benefits the community. To qualify, student work must be done with a non-profit organization, be done outside the school day, be on a volunteer (non-paid) basis, and be verified by an adult supervisor.

Of the 40 required hours, no more than 20 can be completed within the school district, or as part of the student's regular routine.

To ensure effective Community Service and for the 40 hours to count toward this requirement, all students shall submit their proposed hours by [clicking here](#) in advance of the first hour of service on every project. Once the student has logged into Data Dashboard they can click "Community Service" and click "New" to fill out the Community Service Verification Form. After completing the form, the student should click the "Submit" button. As long as the submission aligns with the requirements highlighted above, the student may then begin accumulating community service hours. If a student has a question as to whether or not an activity or event counts towards community service hours, they should contact Mr. Wollford who oversees the program at the high school dwofford@mariemontschools.org

Completion of Community Service will be listed on student transcripts as a pass/fail course with no effect on GPA. At the start of the senior year, the student's official transcript will list the course as a course in progress and the grade column will remain blank. Once the student has completed the 40 hour requirement, the transcript will be marked "P" in the grade column for pass. Until the student has completed the 40 hour requirement, the transcript will continue to show "Community Service" as a course in progress. Students failing to complete 40 hours by the first Monday in May of the senior year will have their transcript marked "F" in the grade column for fail, and must also take all final exams.

Examples of past community service hours are shown below but not limited to the following:

Outside of School Examples

1N5

Armstrong Chapel United Methodist Church

Art at the Barn

Cincinnati Children's Hospital through Kindervelt

Cincinnati Nature Center
