

Staff Face Protection Exemption

As we prepare to reopen our schools with the RESTART Plan for the 2020- 2021 school year, the district will incorporate multiple layers of health protection for our students and staff. These recommendations and guidelines are drawn from current scientific knowledge of COVID19 and its spread. One precaution we will take is to wear face protection.

RESTART expectations for face protection measures:

- All teachers and staff will wear cloth face masks (or face shields if 6 feet of social distancing can be maintained and when a cloth facial covering will hinder the learning process);

We understand wearing face protection may not be medically possible for some of our staff members. In order to be exempted from this requirement, please have your physician fill out the form below and return it to Director of Student Services, Tricia Buchert, at tbuchert@mariemontschools.org by August 19, 2020.

Along with the Face Protection Exemption, we will also need the Authorization to Disclose Health Information signed by you.

We will work with our health care professionals and the Hamilton County Public Health Department for guidance and direction on how to responsibly care for staff members that are unable to wear face coverings while at work.

Please have your physician review and sign the Face Protection Exemption form below.

As (staff name) _____'s physician and due to their (medical condition)

_____, it is not advisable for them to wear a (circle all that apply):

- Face Mask**
- Face Shield**
- Face Gaiter**
- Bandana**

Please advise us with your best practice medical options for (staff name) _____ while at work or any school activity.

Physician Signature _____ Date _____ School Years 2020-2021

Authorization to Disclose Health Information with parent or guardian signature also required.
